WESTERN N. C. CONFERENCE

The Reports are Unusually Encouraging.

A LARGE CROWD IN ATTENDANCE

New Members Introduced to the Conference — Large Accessions of Members—Good Collections and New Churches.

Special to THE TELEGRAM.

Asheville, N. C., Nov. 18.—The eighth session of the Western North Carolina Conference met in Central church, Asheville, yesterday, (Nov. 17), Bishop Joseph S. Key, of Sherman, Texas, in the chair.

In the opening service, the Bishop read a Scripture lesson from Acts 20th chapter and announced hymn No. 228, which was sung, and the Bishop led in a fervent prayer.

The secretary of the last session called the rolled of Conference and a large number of the members responded to their names.

Rev. W. L. Sherrill, who has been for two years the efficient Secretary of the Conference, was again elected to the position, and he selected as his assistants in the work, J. G. Staples, R. M. Taylor, G. F. Kerby, C. A. Wood, M. H. Vestal, W. F. Womble, R. D. Sherrill and J. B. Carpenter.

Rev. J. R. Scroggs, Secretary for the Presiding Elders, read the names of the various committees and they were elected.

Rev. S. B. Turrentine, Chairman of Committee on Epworth Leagues, asked to be released from that position, and Rev. W. M. Curtis was elected in his place.

Question twenty was called: "Are all the preachers blameless in their life and official administration?" and the names of the following were called and their characters passed: D. Atkins, P. E., Asheville district; J. R. Brooks, P. E., Charlotte district; P. J. Carraway, P. E., Greensboro district, J. W. Jones, P. E., Morganton district; H. M. Blair, P. E.., Mt. Airy district; J. R. Scroggs, P. E., Salisbury district; J. J. Renn, P. E., Shelby district; J. C. Rowe, P. E., Statesville district, and Frank H. Wood, P. E., Winston district.

The reports of the Presiding Elders showed large gains in accessions to the membership of the Church. Many new churches have been built. Several parsonages have been erected, and the finances of the Church are far in advance of last year. The reports were very encouraging.

The names of W. W. Albea and J. C. Hartsell were called and, having died during the year, their names were referred to the committee on memorials.

The following visitors were introduced to the Conference: Dr. G. G. Smith, of Georgia, Dr. Webber, of South Carolina, and T. J. Gattis, of the North Carolina Conference.

Rev. W. L. Grissom, of the North Carolina Conference, and Rev. Frank Siler were introduced to the Conference.

The Conference adjourned with benediction by the Bishop.

The Sunday School Board held its anniversary last night in Central church, and was addressed by Dr. James Atkins, of Nashville, Tenn. Dr. Atkins said that he was sending out one million and twelve thousand Sunday School periodicals and lesson papers every month.

The weather was cooler and the day beautiful.

Mark It.

The fellow who says "I told you so" is very often a bore, especially when he has never told anything. When a man risks his judgment and his predictions come true the least you can do is to say it was good guess work. Now mark this:

When Governor Russell gets the Railroad commission fixed just like he wants it, "there'll be a hot time in the Old North State."

SAVED THROUGH FAITH,

The Theme of Mr. Johnson's Sermon Last Night.

There was a larger crowd present last night at the Baptist church than on any previous night.

After reading passages from the Bible on "Faith," Rev. Mr. Johnson preached from Luke 8-45, "And Jesus said, Who Touched Me?"

Mr. Johnson spoke of the woman who was afflicted and wanted to touch the border of Jesus' garment and thus be healed without His knowing it, but in this she failed, for when she touched the garment Jesus said, "Somebody hath touched me: for I perceive that virtue is gone out of me."

You cannot be saved without faith, and if you have faith God knows it; you cannot touch his garment and be saved without his knowing it. Some people say they do not feel that they are fit to be saved; if you are not fit to be saved you are unfit to die. If you really desire to be a child of God you must put faith in Him. You are not too low or humble to receive the grace of God, for He says, "I have come to seek and save that which was lost."

The Jews often rebuked Christ for not obeying the ceremonial laws, while they would take their sheep from the ditch on the Sabbath. Christ teaches us that a human soul is worth many times more than all the sheep in the entire world, and thus He kept on healing the afflicted—the lame and the halt. If you cry to Jesus for mercy He will surely hear you; He is never too busy to turn a deaf ear to your petitions for pardon; the blood of Christ was shed as much for you as for the Queen of England or the President of the United States; one soul is as precious in the sight of God as another; it is not the position in life that saves a person, but faith in the Lord Jesus Christ. Confession is essential to salvrtion; faith and confession are closely related and must of necessity go hand in hand in order to glorify God, and in glorifying God you receive a blessing in return.

Preaching again tonight at 7:30 o'clock.

COOPED THE THIEF.

He Stole a Pair of Shoes but Officers Recovered Them.

Yesterday morning Mr. R. W. Finlator, who is employed at Glascock's foundry, left a good pair of shoes in the bath room. When he started to dinner he found that his shoes had been stolen. He 'phoned for a policeman and officers Scott and Jeffries went down.

It was found that a negro named Henry Kiser, a drayman for the Stafford Tobacco Company, had been seen near the foundry, but suspicion against him was so slight that at first it was hardly thought of. Getting no other clue, the officers followed this up, found out where he sleeps, and with a warrant, searched the place to no avail.

Then learning where he took his meals, it was decided to push the matter to a finish. It resulted in finding the shoes and the arrest of the negro, who now languishes behind the prison bars to await his trial.

"BEFORE AND AFTER."

Look Into the Piedmont Bank Window and See the Results.

The views of the roads near Oak Ridge, "before and after" they were worked under the direction of Prof. Bandy, C. E., were taken especially for THE TELEGRAM.

We respectfully ask that all persons passing the Piedmont Bank will look into the window and see the difference in the "old and the new." The old road was so steep and narrow that it was impossible for wagons to pass, except with difficulty. Now there is an easy grade 20 feet wide.

Let this engineering work continue when and wherever it is needed in the county, then follow this with macadamizing and Guilford will be the Banner county of the state.

K. of P. Notice.

It is very important that all members of Guilford Lodge No. 69, should be in their Castle Hall at 7:30 Friday evening.

WIRELETS FROM ALL PARTS.

Queen of Spain Has Pardoned The Competitor Prisoners.

HENRY CLAY JOHNSON HANGED.

Sir Henry Dalton Dead--May. Kellard is on Trial--The Pacific is Stormy. Lorillard a Winner-Keg Powder in the Coal Bunkers.

By Wire To THE TELEGRAM.

Washington, Nov. 18—According to a telegram received at the State department from Minister Woodford the Competitor prisoners were not released under the general amnesty proclamation issued by General Blanco but were specifically pardoned by the Queen of Spain. Until noon today General Lee had not informed the department that the prisoners had been released but the State department has no doubt that the report is true and expects to hear from Consul Lee during the day.

MR. JOHNSON SENT AWAY.

By Wire to THE TELEGRAM

St. Louis, Nov. 18—Henry Clay Johnson, colored, was hanged here this morning for the murder of William Amend, the news boy whom he shot on the first of August 1896. The murder resulted from over a game of craps.

DEATH OF SIR HENRY DALTON.

By Cable to THE TELEGRAM.

London, Nov. 18—Sir Henry Daulton the head of the firm of Daulton and Company of the Lambeth potteries died here today.

WANT TO KNOW WHY.

Norfolk, Va., Nov. 18.—The naval authorities are investigating how the keg, containing twenty-five pounds of blasting powder, came to be among the bunkers of the Monitor Amphitrite. Had it been shoveled into the warship's furnace it would probably have sent the Monitor to the bottom.

WINNER OF THE DERBY.

London, Nov. 18.—Lorillard, of the Beresford stables, D Lloane-up, won the Drake Law selling stakes, amounting to two hundred and fifty sovereigns, at the first day's racing of the derby autumn meeting today.

BLOWING A GALE.

Astoria, Ore., Nov. 18.—Furious gales continue to rage at the cape, the wind reaching a velocity of sixty miles an hour. No ships have arrived or departed. Much damage has been done by the gale.

RUINED A MILLIONAIRE.

New York, Nov. 18.—May Kellard, who ruined Millionaire Contractor Wm. D. Woods and drove him into a wood-house, was arraigned in the court of general sessions here today to be tried for forgery.

THE KAISERIN TO VISIT CRETE.

Canea, Crete, Nov. 18.—The Kaiserin will arrive here tomorrow and embark the detachment of the international troops, which has been on duty here since last March, to enforce the stipulations of the powers with reference to Crete.

The School Chart Man.

The chart men are again abroad in the land, seeking the verdant public school committeeman that they may get his signature to another voucher for a big amount in payment for a useless school chart. Superintendent Mebane yesterday received a letter from Northampton county, saying that one agent in that section in one day took orders for charts amounting to $362. This is one of the ways the school tax is wasted.

The ordinary public school teacher has just about as much conception of how to properly use the elaborate—and for the most part useless—charts, as a Fejee Islander has of Millet's Angelus. As a rule they simply serve as wall paper and dust-catchers.—News and Observer.

Steamer Burned on the River.

By Wire to THE TELEGRAM.

St. Louis, Nov. 18.—The steamer Bluff City burned on the Mississippi river today at Chester, Ill.

A CHANCE TO ADVERTISE FREE.

Let Every Business Man of the City Read Carefully.

The Southern Railroad Company has in course of preparation a beautiful book on the South, devoted exclusively to places of interest along its line.

The mangement is extremely anxious that Greensboro should have proper representation and asks the Industrial and Immigration Association to induce the manufacturers and representative business houses to furnish photographs of their places so that the cuts of same may be used in this book, of which 50,000 copies are to be distributed.

As there is no cost connected with this in any way except paying for the photographs, and Mr. Alderman has consented to make, as a special favor, a price of fifty cents each. We hope that every manufacturer and business house will have their establishment photographed and furnish this association with a copy of same at once.

These photographs will be furnished the advertising department of the Southern Railway, together with a descriptive letter containing items of importance regarding the growth and development of Greensboro.

We believe that no opportunity for such wide-spread advertising has ever been offered to the business houses of this city, absolutely free of cost, and we trust to have the pleasure of forwarding at least 100 views.

Of course the association does not guarantee that every cut furnished will be used by the Southern Railway, but it believes that the majority of them will be and that every firm or house doing business here can afford to take the chances.

With the kind assistance of the town we shall do all in our power to have Greensboro properly represented.

Hoping for your co-operation, we remain,

Yours very truly,

Greensboro Industrial and Immigration Association, Per J. S. Hunter, President.

KANSAS WILL FEED OUR POOR.

Will Spend Thanksgiving Killing Jack Rabbits to be Sent East.

Topeka, Kan., Nov. 17.—Thanksgiving in western Kansas will be observed this year in a practical way. That entire country is swarming with jack rabbits, and farmers, to protect their young orchards, are anxious to get rid of them. Several counties offer a bounty of 3 cents a scalp on all that are killed.

Gov. Leedy's Thanksgiving proclamation suggested a way out, and today he was informed that the people in several of the jack-rabbit counties would devote the day to killing these pests, load them into the cars, and ship them to the poor of Chicago and New York. Jack-rabbit pot pie is good eating, and in this way, west Kansans say, they can render a valuable service to their section, and at the same time supply many poor, hungry children in the big cities with strength-giving food.

Tom Jones and Higher Civilization.

Alderman "Feetball" Plotke, the renowned Chicago reformer, has disappeared under a big mass vote, but while he struggles helplessly a new champion arises and blocks the game by the insertion of his voice. Jones of Arkansaw has put his interdict upon football. Most Arkansaw statesmen prefer to be called Jones. This foe of football is not the Hon. Jim Jones, Senator in Congress and expert bulletin maker, but the Hon. Tom Jones, Governor. Tom Jones doesn't seem to be as fond of manly sports as the illustrious Englishman of the same name was. In fact he agrees with the Nursery, that football is "a brutal sport." In his opinion "the higher civilization which we profess is entirely inconsistent with such a game." There seems to be nothing else for the higher civilization to do in the matter. The Hon. Tom Jones may not be very familiar with football, but who is better entitled than he speak for the higher civilization and to protect it from the ravages of football? It is affecting to see him taking such tender care of the higher civilization. Thousands of footballs and football togs will be burned as soon as the message of the Hon. Tom Jones has found its way to the heart of a great nation.—New York Sun.

Large Shipments.

In conversation today with Mr. J. Van Lindley, a TELEGRAM man learned that for the four weeks just passed there has been shipped on an average over a car load of fruit trees daily from the Pomona Hill Nurseries. These shipments were sent to various places, covering a large territory. Without the fear of being contradicted we may say that this is business.

By Cable to THE TELEGRAM.

Paris, Nov. 18—Six sailing vessels have been wrecked on the Syrian coast and three steamships have been lost according to a dispatch received by a Parisian newspaper. The dispatches also contain reports of unusually violent gales which are raging on the Mediterranean. Three steamships have been lost: One of them a Russian, one an Austrian and one a Greek.

MONEY FOR THE OTTOMAN.

By Cable to THE TELEGRAM.

Constantinople, Nov. 18—An agreement between the Parte and the Ottoman bank has been signed whereby the bank contracts to advance to the government eight hundred thousand pounds in Turkish money in periodical instalments. The advance has been secured to the bank by the Partes guarantee to apply money received from the Greek indemnity to its payment.

VERDI GOING INTO A DECLINE.

By Cable to THE TELEGRAM.

Rome, Nov. 18—Signor Ginseppe Verdi the renowned composer whose wife died on November the fourteenth instant has become greatly enfeebled and is now in a critical condition. Signora Verdi was buried at Boszeto yesterday.

HAVING THEIR OWN WAY.

By Wire to THE TELEGRAM.

Lexington, Ky. Nov. 18—The Jessamine county toll gate raiders who destroyed eight gates on last Tuesday night tore down all the rest of the gates in the county last night. The authorities are either powerless to put a stop to the outrages or are afraid to attempt anything and have made no effort to end the wanton destruction of property.

A CELESTIAL VISITOR.

A Meteor Apparently Drops Into the Sea Near Santa Barbara.

Santa Barbara, Cal., Nov. 17—Early yesterday morning brilliant meteors filled the heavens for several minutes. During the display a flash of dazzling light occurred, accompanied by a hissing sound, and those who were looking in the direction of the channel saw a pyramid apparently as large as a mountain descending into the sea, causing the water to spout up like a geyser higher than the tallest steeple.

H. Spoker was driving on the boulevard, near the beach, when the meteor fell. Both of his horses dropped in their tracks. Spoker says he thought for a time he had been fatally injured. He was unable to move or speak for several minutes. A strong sulphurous odor was noticed all along the boulevard and in the lower part of the city.

President Diaz Won't Interfere.

San Antonio, Tex., Nov. 17.—James M. Smith, a Confederate veteran of Burnett, Tex., has received an autograph letter from President Porifiro Diaz, in which the latter states that he will not interfere with the execution of the death sentence on Max Stewart, the Confederate veteran, who murdered a policeman in Mexico and was sentenced to be shot for the crime. The case has attracted wide attention throughout the South, and an appeal for clemency signed by the Governor of every Southern State was recently forwarded to President Diaz.

George Jones Caught.

We learn from the News and Observer, that Sheriff Jones, of Wake county believes that George Jones, the negro who claimed to have been robbed in Greensboro the other night is wanted there for robbing a store. The sheriff has written to the chief of potice here to detain Jones, which has been done and an officer will be sent here to look after him. Jones confasses that the description given fits him, but denies that he is the man.

Attending a Thanksgiving Dinner,

or any social function, a man should be provided with a dress suit of the latest cut and fashion. Order now, and we will have it ready for you on time, and will guarantee that in perfection of fit, distingue style and beauty of fabric no one will look more "swell" than a man who wears one of our dress suits. Cleaning, repairing and dyeing done at short notice.

Facts Worth Studying.

If the Southern Stock-Mutual pays no larger dividends than the 20 per cent. now paid, and the business increases during the next seven years in the same ratio it has increased during the last three years, the actual saving for the ten years to policy-holders in North and South Carolina will be $194,822.00, and to the policy-holders in Greensboro alone, $26,237.00. Besides this the Company's assets (reinsurance reserve and surplus) represented by still larger figures will be kept at home and invested in the state. What better investment can the public make than by upholding an institution like this?

When the papers speak of "American wheels abroad" nothing personal is meant for the summer tourist.

Savage islanders, by killing an occasional German, furnish his majesty's battle-ships with some fine target practice.

The silence of his Executive Corpulency these days can only be accounted for on the hypothesis that he is preparing to hibernate 'possum fashion.

Judging from the editorial hands into which the anti-football crusade is falling we shall probably only be getting into the midst of it by next August.

The discovery of a large deposit of the strontium used in fireworks promises well for the small boy's Christmas and for the campaign oratory of the future.

Those who are puzzled to know how Dr. Joyful Laughter Ramsay found his way back from Texas will please recall that the quarantine would not let him off the train.

The dispatching of the German warship to Hayti suggests that possibly the dusky republic has been making some derogatory remarks anent the Hohenzollern pantalets.

Some of the papers, particularly those of Boston, are very much exercised over "New York's Dangers." So far as it may be judged, at long range, the greatest danger at present is that abnormal enlargement of the cranium resultant from an exaggerated idea of the importance of the sufferer.

As was to be expected Mr. Marion Butler denies that he said it. He is very much surprised that any one should have supposed him capable of saying it. But then Mr. Butler will learn on some happy tomorrow that his estimate of himself stretches several kilometres beyond the estimate other folks put upon him.

Auditor Ayer is not only bent on advertising his own free passes but will also air those of his business and political associates a little meantime. People are not over much interested in the secrets of the Caucasian office; they make skinny reading and Hallelujah may keep them to himself with little fear of being importuned.

One of the most glaring instances of what may be accomplished by combination and a little judicious salting is the lease of the gas works in Philadelphia. The two city boards voted to accept the offer of the Consolidated Gas company though there was the bid of another company offering millions of dollars more before them at the time. Influential men endeavored to have the matter referred to the people for a direct vote but without avail. The lease was rushed through to a chorus of approval from all the papers in the city save one. The interesting question now is how did the board and the press come to be afflicted with so much unanimity in the support of a business bargain so manifestly bad?

It is to be hoped that the new United States warship Iowa will show a greater love for the deep blue sea and less inclination to crawl up on the bank and sun itself than some of its predecessors.

Ex-Postmaster General Wanamaker who was in Europe at the time of the New York election took advantage of the first reporter he could catch on his return to declare that if he had been in American at the time and if he had been a citizen of New York he would have voted for General Tracy. That must have fallen on General Tracy's wounds like a balm of Gilead poultice as big as a pillow. It is doubtful whether Wanamaker could have voted at all without spoiling his ballot in a fit of absent mindedness by endorsing it: "Marked down to $2.49; was $5.00."

The Guldensuppe trial folks not to be outdone in the way of attractions by the Luetgert aggregation, are bringing in saws, cross cut and straight cut, butcher's cleavers and broad axes, gimlets and miscellaneous instruments of possible murder which are supposed to have played some part in hastening the exit of Guldensuppe. And now will begin the fun of identification. The court room will listen with loaded breath while the experts discant pleasantly upon the possibilities of sawing a man joint from joint with a given instrument—and justice will remain at least as blind as usual.

The Newberne Journal gravely announces that "the progress made by the Lynchites in Eastern North Carolina demands public attention." In fact the Journal has "buck ager" at the gloomy prospects of being overrun by the Sactified band. The Journal wants the daily press of the state to raise the hue and cry and bid the martial canines he released and fall afoul of the Sanctificationists and smite 'em hip and thigh, boots and saddles. If the folks among the sand dunes in "Nawth Cliny" have not gotten beyond the stage of possible belief in the Lynchites, it is hardly worth the while to waste good time and English, "fair to middling," on them. When a fool has made up his vacuum to believe a thing he will believe it to the extent of his believer and nothing can change him until something else comes to stir a deeper depth of his folly. Let the Journal fall upon the fools of its own bailiwick and baste 'em till the cows come home. We all have troubles of our own.

Are You Subject to Attacks of

COLIC?

If So, There is No Need to Suffer.

Mrs. Joe Person's Remedy

WILL CURE YOU

For several years I had been subject to severe attacks of cramp colic. Sometimes they would last me an hour and hardly a week passed that I did not have several attacks. I tried everything that was suggested, but found no relief. During these attacks the muscles of the arm and leg were terribly drawn and the whole body was cramped. I was advised to try Mrs. Joe Person's Remedy, which gave me relief at once, but not until I had taken two dozen bottles was I entirely cured. It was eight years ago since I took the remedy, and I have not had a touch of the trouble since.

Land Sale

By virtue of a mortgage deed executed by John Bethel and wife Fannie Bethel, on the 28th day of October, 1896, to J. W. Kerr, (since dead) and in consequence of a failure to pay the debt secured in said mortgage, I will sell to the highest bidder, for cash, at the court house door in Greensboro, N. C., on Saturday, December 4th, 1897, the lands described in said mortgage, butted and bounded as follows:

Beginning on northeast corner of street on Main street leading to Greensboro, thence north 60 degrees east along westerly side of said street 10 1-3 poles, thence north 87 degrees west 14 1-2 poles, thence south 30 degrees west 10 1-6 poles to north side of said street, thence 87 degrees east with said street 14 poles to the beginning, containing one acre, more or less. There is reserved from this sale the lot out of this boundary heretofore sold to Frank Fields.

HARRIS' LITHIA WATER
OF SOUTH CAROLINA.

Contains More Lithia than any Natural Lithia Springs Water on the market. There are a great many so-called Lithia Waters on the market whose analysis show that they contain only traces of lithia. It seems that if you wish a Lithia Water you should examine the analysis of the waters and find out how much they contain. The analysis of Harris Lithia Water was made by the noted R. Ogden Dosemus, M. D., LL. D., Professor of Chemistry and Physics, College City, of New York. If the Harris Lithia Water is not Superior to any other water on the market, do you think that the following noted physicians from all parts of the country would give their testimonial, stating that it was? They have no interest in the Harris Lithia Water.

After a long and varied experience in the use of mineral waters from many sources, both foreign and domestic, I am fully persuaded that the Harris Lithia Water possesses efficacy in the treatment of afflictions of the Kidney and Bladder unequalled by any other water of which I have made trial.

This opinion is based upon observation of its effects upon my patients for the past three years, during which time I have prescribed it freely and almost uniformly with benefit in the medical maladies above mentioned.

Columbia, S. C., Oct. 8, 1892. A. N. TALLEY, M. D.

Mr. J. T. Harris:—Dear Sir: I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine, who has suffered for years with Diabetes, with all its different attendants, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month now, with more beneficial results than from months spent at the different noted lithia springs in different parts of the United States, besides long continued use of the same waters at home. Others of my patients and friends are now using the same with best results. I cordially recommend it to all suffering from similar diseases. Very respectfully yours,

THOMAS S. POWELL, M. D., Pres. Southern Medical College, Atlanta, Ga.

Read what Prof. Jos. Jones, of Tulane University, of New Orleans, has to say in regard to the virtues of Harris Lithia Water:

New Orleans, La., Aug. 13, 1894.

Harris Lithia Water Co., Harris Springs, S. C.:

Gentlemen—I have used, with great benefit, the case of water sent me, and regard it with favor, being highly charged with Lithia.

Respectfully, JOS. JONES, M. D.

June 12, 1893. Mr. J. T. Harris, Harris Springs, S. C.:

Dear Sir—I have used the Harris Lithia Spring Water for the past year in all renal troubles, with prompt and efficient effect. In gouty and rheumatic troubles I consider this water superior to the Buffalo Lithia Spring water. I suffered from an attack of rheumatism for eight months, during which time I drank the Buffalo Lithia water constantly for four months without effect. In November last I had a case of Harris Lithia Water sent to me, and after drinking it for about three or four weeks, the pain and stiffness left my limbs and I have not been troubled since. I feel that I can safely recommend the Harris Lithia Water. Respectfully,

Savannah, Ga. R. B. HARRIS, M. D.

"The Harris Lithia Water is, in my opinion, unexcelled for those ailments requiring the salts it contains. THEO. LAMB, M. D.

Professor Diseases of Chest and Principles of Medicine, Medical Department, University of Georgia.

Asheville, N. C. April, 24, 1893.

An extended clinical use of the Harris Lithia Water prompts me to the statement that I regard it as one of the best, if not the best Lithia Water known to the profession. In the condition of Phosphatic Urine, its action is marvelous. Its use in the Rheumatic and Gouty Diseases afford me more comfort than either the Buffalo or Londonderry Waters. Very truly yours,

JOHN HEY WILLIAMS, M. D.

Atlanta, Ga., April 20, 1897.

I have used for sometime Harris Lithia Water in my family, and also with my patients, and find it is the best Water I ever used in catarrhal condition of the uretus and bladder. It is also a good diuretic Water.

G. G. ROY, M. D.

Charleston, S. C., Sept. 20th 1893.

Mr. J. T. Harris:—Dear Sir: I am constrained to send you this testimonial of the efficacy of the Harris Lithia Water. The value of the testimonial may be enhanced from the fact that it goes to you unsolicited. As a friend of humanity, I feel bound to withhold my knowledge of its virtues no longer. I have been using the water for more than a year with marked benefit. To any one troubled with kidney disorder, it is the remedy par excellence. I prefer it to the Buffalo Lithia Water. Very truly yours,

A. C. KAUFMAN,

President Vanderbilt Benevolence Association of Charleston, S. C.

Mr. J. T. Harris, Proprietor Harris Lithia Springs:

Dear Sir—While it is contrary to my custom to give testimonials to remedial agents, I feel free to attest to the efficacy of the Harris Lithia Water (when used in large quantities) in the Rheumatic and Gouty Diatheses; in Inflammation of the Bladder, and in all cases where there is an excess of solids in the urine. Yours respectfully,

Columbia, S. C. GEO. HOWE, M. D.

The waters of the Lithia Springs are odorless, free from color, with a pleasant saline taste, rather palatable. When taken in considerable quantity, they do not nauseate, purge or produce any feeling of discomfort. I find from the analysis of the waters, they contain Chloride Sodium, Carb. Potash, Carb. Soda, Carb. Lithia, Carb. Iron and Sulphate Magnesia. These waters act directly upon the mucous coating of the stomach and alimentary canal, they are powerfully alternative and tonic. They are everything to inflamed or irritated surfaces. They act upon the blood, changing it from acid to alkaline. In Indigestion, Catarrh of Stomach and Gastralgia, supplemented with a proper diet they are a certain cure. The action upon the kindneys is marked. The Sodium, Potash, Soda, Lithia, are the best solvents of uric acid, all calculi of an acid character, whether litary or cystic, are steadily dissolved. I am confident that the profession will find it very useful in cases where this class of water is required. Respectfully,

Waterboro, S. C., April 10, 1892. J. Q. WILBUR, M. D.

Camden, S. C., Aug 24, 1893.

Mr. J. T. Harris:—Dear Sir: I enclose you in this letter several small pieces of calculi passed by a patient of mine, who has been taking the "Harris Springs Water" for the past eighteen months. This gentleman has been a sufferer for two or three years with Cystitis, caused from stone. The solvent power of the water has been, I think, clearly demonstrated in this case. All these fragments were passed in two evacuations from his bladder in the past ten days. I consider Harris Spring Water a most excellent remedy in the Uric Acid Diathesis, also in Chronic Dyspeptic troubles.

I am, yours respectfully, A. W. BURNET. M. D.

Chester S. C.

Dear Sir: For the past eight months I have been using Harris Lithia Water with the most excellent results, where I have been able to get my patients to drink a sufficient quantity daily. The carbonated has no equal in Gastric disturbances. It is an excellent table water. It is a pleasant laxative, and is a sure cure for flatulent dyspepsia. S. M. DAVEGA, M. D.

Atlanta, Ga., April 24, 1897.

Mr. J. T. Harris, Harris Springs, South Carolina:

Dear Sir: I have found Harris Lithia Water an exceedingly valuable remedy for persons suffering from Kidney and Bladder Troubles. Therefore take pleasure in recommending it. Respectfully,

JAS. F. ALEXANDER, President Board Health.

Baltimore, June 24, 1896.

J. T. Harris, Esq., Harris Spring, South Carolina:

Dear Sir: I have been using Harris Lithia Water for sometime, and I will say to you that in my opinion that the Harris Lithia Water that is by far the best Lithia Water that I have ever used, and that it has done me a great deal of good, and I think it a most valuable remedy.

R. C. HOFFMAN, Pres. S. A. L. R. R.

Atlanta, Ga, April 20. 1897.

Harris Lithia Water Co.,

Gentlemen:—I have used Harris Lithia Water for the past two years and find it a most excellent remedy for dyspepsia and other stomach troubles. I cheerfully recommend it CHAS. M. NEEL, Pres. Ga. Military Institute.

A Fair Proposition.

We will guarantee that one glass of HARRIS' LITHIA CARBONATED WATER will relieve any case of indigestion in one minutes' time or money refunded, or if taken after each meal will cure the worst case of indigestion. You see what the noted Dr. Davega, of Chester, S. C., has to say in regard to it, and there is not a physician in South Carolina who stands higher in the profession than he does, and besides you lose nothing by giving it a trial, as our agents are authorized to refund the money to any responsible person who will not admit that he was benefited by it.

News of the Old North State.

The Populists are deeply interested in what the Democratic State committee proposes doing at its meeting on November 30th. A majority of the committee desired the meeting held. Some members say they hope there will be speeches, but no further steps.

A special to the News and Observer from Lumberton says: The "wave" struck us again last night.——W. J. Prevatt, one of our largest merchants, assigned to Col. N. A. McLean. Liabilities about $11,000; assets, about $15,000; preferred creditors, about $7,000.

At one cotton factory in this State there were, during the past summer, 60 cases of typhoid fever; so many, in fact, that the mill was forced to shut down for a time. After the fever had become so bad all the drinking water was boiled, and there were no more cases.

The Governor's Guard detachment will receive about $125 for guarding the jail at Rockingham during the Evans trial, and the Maxton company will get $200. The Guards, 21 strong, were on duty five days, and the Maxton company, 41 men, were on duty four days.

Dr. C. D. McIver, president of the Normal and Industrial College, was here today and spent most of the time with the State Superintendent of Public Instruction. He says the big barn at the college, which has developed a law-suit, is so near completion that "the cows will be in it in three days.—Raleigh Cor. Charlotte Observer.

It is the comment of a man widely known as ex-chairman of the Democratic party that "nothing has happened to so lay bare the hypocrisy of the fusionists as the matter of free passes. Senator Butler started it and now see what a sad mess he is in. The Governor is even worse off. Treasurer Worth has made himself ridiculous."

The statement that it is proposed to employ penitentiary convicts on state lands in Bladen county is interesting. Eight years ago Governor Fowle was earnestly in favor of thus developing these lands, but at a point quite near the Atlantic and North Carolina railroad. It is said that the penitentiary directors will be urged to rent more land on the Roanoke, near Weldon, but on this there will be a fight. The board's objections are on account of freshets and malaria. This year there was no freshet, but last year there was one which cost $60,000.

Col. Olds in Charlotte Observer: Senator Butler's associate editor says the senator did not get his railroad passes until six weeks ago; that up to that time the associate had them. He adds that they are limited; the one on the Southern from Goldsboro to Charlotte, to Chapel Hill and to Oxford; the one on the Atlantic Coast Line from Wilmington to Weldon, and that on the Seaboard Air Line from Hamlet to Weldon. The associate says: "The editor didn't have these passes until he went to work for the Caucasian; that is, assumed the active duties of editor."——State Labor Commissioner Hamrick left today for the northeastern counties to get information relative to lumber, fish and truck.

The suggestion for the establishment in Washington of a great national university is taking a more definite form, a number of representative American women having taken hold of the project.

Orders have been issued for the final trials of the Wheeling and Marietta at Mare Island. The Wheeling will go to sea for a two days' run on the 26th and the trial of the Marietta will occur as soon as she returns from Alaska.

THOSE TIMES HAVE PASSED.

There is No Need For The Little Boys Going in Rags Now.

Once upon a time there was a little boy who didn't have any father or mother, and he was a very poor little boy, and he had to work for his living, though he was only seven years old.

We did not have any Orphan Asylums then, so this little fellow had no one to look after his comfort and he was allowed so little for his services that he was not able to buy the necessary clothing for winter.

This little fellow had to get out early in the morning when it was cold, and he had nothing to keep his little body warm with but a thin calico bodice and a little cotton coat.

The consequence of this exposure was, at the age of 9 years this little fellow had contracted a deep cold, and he died of consumption.

Every parent is anxious that their boy should grow up strong. To do this their little bodies should be properly nourished, and clothed in a suit of our Fleece Lined Underwear. Price, $1.00 per suit. Ages, 6 to 18.

HAD BEEN TO BREAKFAST.

A Chat About Our Hotels Overheard By a Telegram Man.

A party of six gentlemen met at the depot yesterday morning. They were a stout hearty looking set, apparently good judges of something good to eat and were strangers in town. Three of them were standing near together when the other three walked up. They seemed to be well acquainted and were evidently making a tour together.

One of the three who seemed to be waiting for the other three, as they walked up, said:

"Where have you fellows been?"

"We have been to the McAdoo House," said the man accosted, "and we got a splendid breakfast too. You fellows ought to have gone with us. Ah, that was a dandy breakfast we got there. We were surprised. Oh, by George! but those fellows do know how to feed!"

"You don't know what you're talking about," said one of the other three. "We went to the Benbow, and there's no better breakfast to be had in the South. It was steaming hot and hit me just right. Great scot, but you ought to have seen us eat."

"Come off now, you're joking," said the first speaker, "I don't believe you've had breakfast. You missed it by not going with us. I tell you candidly, I don't want any better breakfast than I got at the McAdoo."

And together the six men walked off talking about breakfast and each one claiming that his was the best until they were out of hearing of the reporter. Each seemed to think the other was jesting but THE TELEGRAM man believes they were all just about correct.

They had other pleasant things to say about Greensboro, pleasant and complimentary things, the exact words we failed to remember, but the eating business caught our eager ears, as it always does and we are glad to tell what strangers think of our hotels and "eating works." They are unsurpassed in this "neck of the woods."
